

## CVPO Parent Meeting

**April 16, 2024**

In attendance: **Tze-Yiu Yong, Erika Bako, Stephanie Haines, Melody Johnson, Aaron McKee, Anne Philips**

### **Introduction:**

- The purpose of the meetings is to be able to have parents ask questions from the school principal and to inform parents on what is going on at the school.
- It is our goal to promote community building between parents and teachers at Crescent Valley High School
- The CVPO Secretary will take notes during the meetings so that parents have access to our discussions. The CVPO Board will vote on the notes and then they will be sent to Keri Spreadbury so they can be posted on the CVPO website

### **Q&A from the Principal:**

Principal McKee went through a few updates about budget cuts. The main points to know were:

- There is no longer a COVID fund, so this means a 10% staff cut for the school.
- Another factor for reduced funding is the decreased enrollment of incoming students, and inflation affecting the high cost of living.
- The cuts are not going to affect class sizes for students
- There will be no program cuts to the curriculum
- School schedules will not be impacted
- The education and school levies from the past few years bolster the school by 10%
- CV and CHS will continue to work together to make sure students get the full gamut of AP, Music, and Language classes available.
- For those students who have to travel to schools for some classes, CV and CHS will work together so students have the most convenient schedule possible.

### **Future CVPO meetings:**

- Phone management in the classroom. These can be used as tools or they can be a distraction. We will talk about the pros and cons of balancing distraction with safety and utility in mind.
- College prep for parents. Including FAFSA and College Now.
- Potential night at the library and other events to help with forecasting for college planning
- 2024 Engineering Expo to OSU, June 7, 2024 could potentially be a good field trip. OSU will provide funding for buses.

These minutes were approved by the CVPO at the date below.
